

FOCH'S COMMAND AWAITS ORDERS

All France is Thrilled by
Imminence of New
War

BELGIUM IS READY

German Counter Proposals Prove so
Unacceptable Allied Premiers Are
Expected to Give Ultimatum.

Paris, March 2.—Everything is in
readiness along that part of the
Rhine held by the French for a jump
forward at a few hours' notice,
should the occasion arise, it was
learned in official circles yesterday
evening.

Plans have been going on for some
days in anticipation of any action
which might make a forward move-
ment necessary, and, in the words of
a high official of the War Office,
"Marshall Foch has but to say the
word."

The German counter-proposals cre-
ated nothing short of amazement in
French official and diplomatic circles,
as well as among the members of
Parliament. Advance information re-
garding the proposals to be sub-
mitted by Dr. Simons, the German
Foreign Minister, as received in Paris,
was to the effect that the proposals
were more reasonable and might
form the basis of discussion. The
consensus of opinion yesterday even-
ing, however, was that no discussion
was possible.

French officials, however, cannot
hide the feeling of satisfaction that
the German attitude should "show
that the French viewpoint had been
correct from the first," that Ger-
many was unwilling to face respon-
sibilities, and also prove to Great
Britain and the rest of the Allied
and neutral world that "Germany"
will understand nothing but the appli-
cation of force, and that it is useless
to deal with Germany in a spirit of
justice and fairness."

Popular feeling is greatly aroused,
and the opinion everywhere is ex-
pressed that France has waited long
enough, and that the movement of
troops into the interior of Germany
would meet with smaller opposition
from the opponents of the Govern-
ment now than at any other time,
owing to the fact that the Govern-
ment has the communist situation well
in hand, the leaders either having
been sent to jail or silenced.

A Deputy who voted against Premier
Briand on the Paris Conference
decision informed the Associated
Press yesterday that should Mr.
Briand return to Paris today and ask
the Chamber to ratify the penalties
decided upon he would receive a vote
of over five hundred, only the So-
cialists, and Communists voting
against him.

Satisfaction is also expressed at
the British Prime Minister's atti-
tude, which is mentioned in official
dispatches as "showing deep resent-
ment" toward the Germans over their
uncompromising counter proposals. If
forcible coercion becomes necessary,
officials here feel that it will have the
moral support of all the Allied coun-
tries, as well as the United States.

In the absence of Premier Briand
and War Minister Barthou, it is not
expected that an order to go forward
would come before tonight at the
earliest, as it is presumed the
Germans will be given a final oppor-
tunity to recede from the position
taken today. If a marching order
comes tonight the troops
would be ready to go forward Thurs-
day morning at daybreak.

The Associated Press was inform-
ed from Belgian sources yesterday
that Belgium is ready to follow
France's lead. The fact that General
Magline, chief of the Belgian Gen-
eral Staff, was called hurriedly to
London and left Brussels yesterday
afternoon to confer with Marshal
Foch and Field Marshal Wilson is
interpreted in Belgian cities as
meaning that the plan decided upon
contemplates collaboration of Belgian
troops in the Essen-Dusseldorf dis-
trict.

During the past three days 13,000
Belgian troops on the Rhine have
been reinforced by two divisions,
while the French have 150,000 men
in the occupation zone, with 200,000
held in reserve less than 24 hours
away.

Near East Relief Fund Increases—
Successful Musical Tea

The Alexandria branch of the Near
East Relief fund has in hand \$1,380
of its quota of \$3,000, the proceeds of
the musical tea last Saturday after-
noon at the residence of Mrs. M. L.
Horne, 607 Duke street, bringing the
fund up to that amount. One of
the most enjoyable features of the
affair were several recitations by
Mrs. Breeder, which were highly ap-
preciated by those present.

TWO FUNERALS TODAY

The funeral of George W. Hall,
veteran employe of the Southern
Railway Company, who served that
company for sixty-one years, took
place this afternoon from Christ
Episcopal Church. Services were
conducted by Rev. Dr. W. J. Mor-
ton, rector of that church, and burial
was in the Presbyterian cemetery.
Last rites for Gilbert Simpson, who
died Sunday, were held this after-
noon at his late residence, 504 South
Patrick street, and were conducted
by Rev. Dr. D. H. Martin, pastor of
Trinity M. E. Church. Burial was
in Union cemetery.

Suburb of Petrograd Reported In Hands of Insurgents

Helmsfors, March 2.—Vassily,
Ostrov, a suburb of Petrograd, is in
the hands of the insurgents and cut
off from other parts of the city, ac-
cording to reports from the Russo-Fin-
nish frontier. Fighting continues in
the district between sailors and work-
men on the one hand and officers on
the other.

Rumors are current that Lenin and
Trotzky, the Bolshevik Premier and
War Minister, respectively have fled
to Crimea.

On February 25, at the Nicholas
Vaughan, about 40 communists were
killed and 200 were arrested.

At the outset of the disturbances
the Red soldiers divided their guns
among the rebels, but took no further
part in the proceedings.

FREDERICKSBURG M. D.'S. CHANGE NAME OF BODY

Fredericksburg, Va., March 2.—
A meeting of the Physicians' Asso-
ciation of this city and surrounding
counties, was held here and the name
of the organization was changed
from Tri-County Medical Association
to the Fredericksburg Medical
Association. Dr. Roderick Dew,
of Caroline, was elected vice-
president for the ensuing year. Dr.
W. A. Harris, of Spotsylvania is
the president.

Interesting and instructive papers
were read by Dr. R. J. Payne, of this
city, and Dr. T. W. Dew, of Potomac
county. The subject of Dr.
Payne's paper was "Diphtheria, Diag-
nosis and Treatment." Dr. Dew took
as his subject, "Over One Fourth Cen-
tury Medicine and Surgery."

The next meeting of the association
was set for Friday, March 25.

Automobile Bureau

A Number of Matters of Importance
Disposed of

A well attended meeting of the
Automobile Bureau of the Alexandria
Chamber of Commerce was held last
night.

The special committee on condi-
tion of Union street reported that
the street had been much improved
by the Southern Railway Company
within the past few weeks.
It was decided to have a leaflet
printed which will convey a welcome
to stranger automobilists from this
bureau, and direct them to its head-
quarters, where they can secure any
information desired. This leaflet
will also contain a list of the his-
torical and interesting places in the
city.

A report was made that the mail
wagon that runs between the post-
office and Union station was now car-
rying lights in accordance with the
laws governing such vehicles.

The committee on sidewalks on
King Street Hill, Russell Road and
North Washington street reported
that the charter gave the city right
to put such side walks down assess-
ing the property owners two thirds
and the city one third of the cost.

Various traffic matters and condi-
tion of streets were generally dis-
cussed.

TO DISCUSS WORK OF W-VA. INVESTMENT VA. WAR HISTORY DOUBLES STEAM LINE

Cooperators Others Inter-
ested to Meet Tomorrow
Afternoon

SEEK TO FINISH TASK

Address by Miss R. K. Cunningham
on Progress of Work—All Interest-
ed in Local War Activities Invited

A meeting of the collaborators of
the War History Commission of Vir-
ginia, this city, will be held at 4
o'clock tomorrow afternoon in the
rooms of the chamber of commerce
at which time an address will be
made by Miss R. K. Cunningham,
chief clerk of the War History Com-
mission of Virginia.

Miss Cunningham recently has
visited Pulaski, Roanoke, Buena Vista,
Lexington, Arlington and Fairfax
with a view of stimulating interest in
the work of preparing an accurate
account of the participation of Vir-
ginians in the world war and she is
anxious to have the reports from
each county absolutely correct.

Miss Helen Norris Cummings,
chairman of the Alexandria commit-
tee, who has worked hard in order
that all lines of endeavor in Alexan-
dria may be shown in the proposed
history, extends a cordial invitation
not only to the collaborators but also
to all persons who may be able to
furnish data for the history to at-
tend. A special invitation also is
extended to the officers of the local
post of the American Legion and the
Veterans of Foreign Wars to attend
this meeting.

Every person who can be urged to
furnish the collaborators any infor-
mation they may have in order that
every angle of the war work done
here may be credited in the proposed
history.

Army Vacancies

Gen. Stern Requested by War De-
partment to Help in Filling
Ranks Commissioned Officers

Richmond, Va., March 2.—General
Lane Stern, adjutant General of
Virginia, and in charge of the Vir-
ginia National Guard, yesterday re-
ceived from the War Department, a
communication requesting his co-
operation in securing more than
4,000 commissioned officers needed
for the regular forces of the United
States. These vacancies must be
filled soon, and the War Department
is bringing it to the attention of
the State departments in charge of
the National Guard in an effort to
alleviate this condition.

Examinations for commissions
will be held under competitive rules.
The date for the examinations has
been set for April 25. Applications
must be sent in prior to this date.
Blanks can be obtained at any mili-
tary post or station.

The largest number of officers are
needed in the infantry where 812
vacancies exist, large portion of
his quota must be filled without
delay. The Field Artillery needs
about 600 while the Cavalry, Air
Service and other branches are in
need of commissioned men.

It is contemplated that successful
candidates be announced and ap-
pointed or nominated and appointed,
about two months after the exami-
nation. Candidates attending schools
and colleges will then have an op-
portunity to complete the present
school term.

Appointments will be made ac-
cording to merit in the final ex-
amination. They will also be named
in the promotion list in the same
order without regard for the branch
of the service they are in. Those
candidates receiving the highest
marks in the examinations will be
first in line for promotion to the
rank of first lieutenant.

The age of each applicant must
be between twenty-one and thirty
years. At the time of the final ex-
amination each man must be in one
of the following classes, a warrant
officer of enlisted man of the regu-
lar United States Army, and having
at least two years service. A
number of the officers reserve corps
is enlisted reserve corps, a member
of the national guard, or a graduate
of a technical institution approved
by the Secretary of War.

Permission Asked to File Tariff For
25 Trip Ticket if Authorized—Miss
Margaret Germond Testifies.

(Special to The Gazette)

Washington, D. C., March 2.—Cost
of transportation direct into the 12th
street station of the Washington-Vir-
ginia Railway Company should be ad-
ded to the cost of the commutation
books sold on the Falls Church divi-
sion, Julius H. Parmelee, of Falls
Church proposed at the closing hear-
ing on fares of the railway company
today before Examiner Mackley of
the Interstate Commerce Commission.

Mr. Parmelee suggested that the
cost of transportation from Rosslyn
to the 12th street station of the rail-
way company be incorporated in the
trip books sold by the company as a
convenience to passengers. He made
no protest against increase in the
rate from 5 to 6 cents for such trans-
portation. The witness, who is chief
statistician for the Bureau of Railway
comics, told the examiner that the
investment in the property of the
Washington-Virginia Railway Com-
pany is almost twice as great as the
average investment per mile of road
of steam railroads in the immediate
neighborhood of Washington.

He gave figures, which he said he
obtained from the United States Bu-
reau of Labor Statistics showing how
prices of building materials and ma-
terials used in connection with main-
tenance of the railroad have risen
since 1913. "Some reasonable decrease
might be expected during 1921, how-
ever," Mr. Parmelee said. The road
had previously submitted as one of
its exhibits tables showing cost of ma-
terials, one of the items being cement
at \$5.87 a barrel delivered. "I can buy
cement in Falls Church at \$3.50 a
barrel delivered at my home," Mr.
Parmelee said.

Frederick E. Ballard, attorney for
the road asked permission to file rates
at which the 25 trip tickets to be es-
tablished if authorized by the commis-
sion. Examiner Mackley asked him on
what base these rates would be set
by the road and Mr. Ballard told
him it was reasonable to put the
rate on the 3 cent per mile fare base
asked by the road in its tariffs filed
during January with the Interstate
Commerce Commission.

In rebuttal to Mr. Parmelee's testi-
mony on the investment per mile in
the property of the road, Mr. Ballard
said it was not fair to compare the
investment in a small property con-
ducting an almost exclusive passenger
business with large railroads doing
the bulk of their business in freight
hauling. Mr. Ballard said the new 25
trip tickets to all points on the road,
if authorized by the commission, would
be approximately 80 per cent of the
3 cent per mile cash fare.

Among those testifying yesterday
after the report of The Gazette closed
was Miss Margaret Germond, of Alex-
andria, secretary of the Mount Ver-
non Division Commuters' Association.
Miss Germond made an excellent wit-
ness and received congratulations
from counsel on both sides.

HARDING CONFIRMS THREE FOR CABINET

Hays, Mellon and Fall Nam-
ed—One More to be
Confirmed

DAVIS FOR LABOR POST

President-Elect Has Busy Day Clo-
sing Affairs—Confers With Maj-
Gen. Leonard Wood.

Marion, Ohio, March 2.—Three
more appointments to the Cabinet
were definitely confirmed by Presi-
dent-Elect Harding last night, leaving
only one selection in his official fam-
ily of ten secretaries still to be given
to the public. The vacancy is in the
portfolio of labor, and an announce-
ment assigning that is expected today.

The three whose selections were
made known last night are Andrew W.
Mellon, Pittsburgh banker, to be
Secretary of the Treasury; Will H.
Hays, of Indiana, Republican na-
tional chairman, to be postmaster-
general, and Albert B. Fall, now
United States Senator from New Mex-
ico, to be Secretary of the Interior.
In regard to none of these did the of-
ficial announcement cause surprise, it
having been known generally for sev-
eral days that they would be included
in the final Cabinet slate.

No formal statement was issued in
connection with the three appoint-
ments, but Mr. Harding indicated that
he might have some more detailed ob-
servations to make when he announce-
s tomorrow the name of his Sec-
retary of Labor. It is known that from
the start, conflicting advice has been
urged upon him in regard to the place
and that, although he reached a vir-
tual selection last week, the support-
ers of at least three available men
still are bringing pressure to bear.

The man whose name has been
written opposite the labor portfolio in
the tentative Cabinet list is James
J. Davis, of Pittsburgh, a former
steel worker, who is now supreme di-
tator of the Loyal Order of Moose.
There has been no evidence that he
designations has been changed, but the
activities of those who would rather
see James Duncan, of Massachusetts,
or T. V. O'Connor, of New York,
chosen, puts a last minute turnover
well within the range of possibilities.

Announcement of the three Cabinet
positions came in the course of a
busy day for the President-elect dur-
ing which he attended to many mat-
ters of personal business preparatory
to his departure for Washington and
put finishing touches on his inaugural
address. Late in the day he conferred
with Major-General Leonard Wood,
who has been selected for Governor-
General of the Philippine Islands, and
during the evening he accepted in-
itiation into the Knights Templar Or-
der at a ceremony which brought to
Marion many of the leading Masons
of the country.

The meeting with General Wood
left the question of his accepting the
island governorship more or less in
doubt, although the confidence that
he would do so was apparent among
those close to Mr. Harding. An ac-
ceptance would involve resignation
from the army, and if the general
gives up his military commission he
can have his choice of several other
attractive offers from business and
educational concerns, it is said.

VIRGINIA STANDS FOURTH IN RELIEF OF NEAR EAST

Virginia stood fourth among the
48 States of the nation, in respond-
ing to the Christmas appeal of the
Near East Relief, with a contribu-
tion of \$59,167.77, according to in-
formation just received from national
headquarters in New York, it was
announced yesterday by Oliver J.
Sands, State Chairman for Virginia.

Of the States contiguous to Vir-
ginia, Maryland ranked eleventh with
\$31,000; North Carolina seventh,
with \$54,928.60 and West Virginia
sixteenth, with \$20,405.54. Virginia
and North Carolina both have the
same State director, Claude W. Hop-
per of Richmond.

For Hospital

Colored Citizens Donate \$41.05 For
Colored Ward

On February 7 of present month in
compliance with a suggestion of Mrs.
Frank King, corresponding secretary
Board of Managers, Alexandria Hospi-
tal, that a report of donations to
colored wards of hospital would be ex-
pected through the "Colored Citizens
Association," not later than Febru-
ary 10th in order that it might be in-
cluded in the annual report of hospital
management, several colored citizens
made up a purse of \$40.50 to meet the
emergency until the several churches
could be requested to send in their of-
ferings. The aforesaid amount was
paid over to the management Febru-
ary 10th, and official receipt accepted.

Since this date, most of the churches
and one of the fraternal organizations
have been communicated with on the
subject with the following response:
Roberts Chapel M. E. \$13.00
Alfred Street Bapt. Church 10.00
Meade Episcopal Chapel 7.05
3rd Baptist Church 6.00
Order of Colored Elks 5.00
Total \$41.05

This total exceeds original amount
(\$30.50) reported February 10th, by
\$10.55. This has been added to the
original making a total donation of
\$41.05 to the colored wards of hospi-
tal. This has been paid over to the
proper representative of hospital and
is evidenced by official receipt.

The bureau's receipts from all
sources for the month were \$194,853,

INDICT 114 ENGAGED IN CEMENT MAKING

74 Corporations and 40 In-
dividuals Are Ac-
cused

ANTITRUST CHARGED

Action Expected to Relieve Construc-
tion Industry Situation, Alleges
Prices Were Fixed.

New York, March 2.—Indictments
were handed down yesterday by the
special Federal grand jury investi-
gating an alleged building material
combine against 74 corporations and
40 individuals, comprising an al-
leged "cement trust."

The indictments contained two
counts, charging violation of the
Sherman Anti-trust law, one alleg-
ing combination and restraint of
trade and the other monopolies and
attempts to monopolize.

Among the corporations named are
the Alpha Portland Cement Company,
the Atlas Portland Cement Company,
the Lehigh Portland Cement Com-
pany, the Atlas Cement Securities
Company, the Giant Portland Cement
Company and the Universal Portland
Cement Company.

The indictments were returned as
a result of evidence presented to the
grand jury by Assistant United
States Attorneys-General William
Rand and Ben A. Matthews.

After the indictments were handed
down, Mr. Rand said, "it can be rea-
sonably expected that a successful
prosecution of the combination will
materially contribute to bringing
about a wholesome condition in the
construction industry."

It is the Government's contention,
Mr. Rand said, that the combination
"has so effectively maintained uni-
formity of price, divided territories,
limited output and regulated the class
and character of customers who
might buy cement and the purposes
to which cement might be applied, as
in effect to exclude cement from the
ordinary channels of trade and com-
merce."

"In fact," he said, "as the term is
used under ordinary competitive con-
ditions, cement is no longer an item
of barter and sale sold freely in
the market, but instead is controlled
by the manufacturers up to the point
it is actually employed in con-
struction work."

The indictments alleged that the
"cement combination" has formed as-
sociations and bureaus throughout
the country ostensibly for the pur-
pose of quoting prices as to comple-
ted transactions and for the purpose
of "recommending" uniform trade
practices. The evidence indicates,
the indictments said, that the ostensi-
ble purposes of these associations
are merely sham and that the so-
called quotations of past transac-
tions are used as a means of fixing a
common price.

Continuing the indictments said:
"Some of the more reprehensible of
these trade practices are what is
known as 'delivery prices,' 'arbitrary
trade bases,' 'specific job contract'
and 'warehouse deliveries.'"

The Government further alleged
that the combination had been
brought about through the activities
of the five or six dominant cement
companies in the country and that
their influence in the trade has been
so great as to make it an easy task
to either persuade or coerce the other
cement companies to follow their
lead.

The indictment papers further
charged that "inspectors are em-
ployed by the cement manufac-
turers to see that no builder contracts for
more than he actually needs. If, by
chance, a builder should have more
than his requirements and should at-
tempt to use the surplus on any
other work very effective methods
are employed to prevent him from
doing so."

"The building industry is always
kept cement hungry," the indict-
ments continue. "Price raising is
never embarrassed by a surplus ex-
cess of cement on the market, for to
cement can ever be found, except in
the manufacturers' bins or probably
a small supply in the hand of a deal-
er."

is no question that the pro-

Blue Laws and Movies.

The proposed cen-
sorship of the
Movies is just
now exciting
country-wide at-
tention. Since the enact-
ment of the prohibition laws
there seems to be a wave of
reform sweeping over the
land that includes all the
habits and practices of men
and women, from cigarette
smoking to visible garters.
This is not surprising, since
it is only the psychological
epidemic that inevitably fol-
lows in the wake of a great
world disturbance.

There can be no doubt as
to the general proposition
that you cannot legislate
morals. Laws grow out of
customs; in fact, the whole
fabric of the English com-
mon law is but crystallized
custom. The principles of
legislation must first have
become prevalent among the
masses of people. Public
opinion must create the law
that is to be obeyed and en-
forced.

We have always maintain-
ed that a statute, to have val-
idity and respect, must be
rooted in the home. If it be
otherwise, then we witness
the spectacle of dead-letter
laws, or laws that are so re-
pugnant to the general opin-
ion, that they are neither
obeyed by the people nor en-
forced by the executive pow-
er.

We have hitherto expres-
sed our views as to salacious
movies. We believe them to
be more pernicious than lit-
erature or the spoken
drama, because more subtle
and insidious in their attack
on the young of both sexes.
Things are attempted in

them that, would not for a
moment be tolerated on the
stage or in books. We de-
plore their existence in the
movies and our language is
too poor to adequately ex-
press our abhorrence and
condemnation.

But the remedy is not yet
in legislation. What we
must do is to inculcate in the
minds of those who make up
the audiences an equal ab-
horrence and detestation.
This can be begun in the
home, followed up by the
church, and finally put into
laws that will be effective
because of public sympathy
and approval. Law must
first find an echo in the pub-
lic conscience.

We believe that the mov-
ies will rank among the
great educative influences
of all future time. They will
not only inform the youthful
mind, but instruct the adult,
as well. In addition, they
will have an equally great
psychologic influence on the
people. They will medicine
the minds of more millions
than any agency hitherto
known to man. Even today
they knit up the raveled
sleeve of care for the tired
business-man. They furnish
sore labor's bath. They are
a soothing balm to minds
hurt in life's daily battles.
To the aching and world-
weary heart they bring of-
times surcease of sorrow.
The prayer of Sancho Panza
will need to be reformed, and
blessings invoked on him
that first invented the mov-
ies.

The so-called sex plays in-
variably bring out the larg-
est crowds. We remember
in Washington some two or
three years ago, of a movie

so full of sex-motif that even
in the laxity prevailing at
that time, it could only be
given to men and women
separately. But both sexes
crowded the ticket-offices
and extended a half-block on
the sidewalk.

There are clean plays, edu-
cative plays, films of fas-
cinating instruction, in large
numbers. There are movies
that portray phases of our
national life that equal in
intensity of interest any
play or novel ever written.
Let these become prevalent
and the morbid, unhealthy
curiosity of the thousands
will become atrophied and
die away. There can be
nothing wrong or immoral
in sex, itself. It is a normal,
human interest that it
arouses. But it must not be
accentuated so predominant-
ly as to submerge all the
other interests and concerns
of life.

But the family and the
church must first lay the
foundation with the young
and immature. Let the par-
ents and the guardians keep
vigilant watch over their
children and wards. Let
them advise as to what mov-
ies they approve, and call at-
tention to the films that are
worthy. Then the public de-
mand will create its daily
programs, and none will re-
spond more quickly than the

producers and exhibitors of
the country. Their ticket
offices will constitute an in-
fallible mentor so far as they
are concerned.

Of course plays must not
be visibly didactic. Nothing
is more repellant to the
youthful mind than the
sugar-coating of palpable in-
struction. The goody-goody
Sunday School libraries of a
bygone age bear eloquent
testimony to this. But the
movie drama will attract
both great creative minds
and great actors. We shall
have films constructed with
the consummate art of gen-
ius, and we shall have per-
formers with equal genius in
the pictures.

Here in Alexandria, to re-
turn to our mutton, we are
glad to say that our local
movie theatres exercise a
censorship of their own, in
addition to what the states
now provide. We have it
from Mr. Reed and Mr.
Steele, direct, that they have
refused those films that they
believe injurious to the
young. They are men of
family and with high ideals
as to the class of pictures
that should be exhibited.

The Gazette has chosen to
go into this matter some-
what at length, because it
recognizes the momentous
ascendency the movies are
bound to exert in their ef-

fect on the characters of the
youth of this city. It is for
us, their parents and guard-
ians, to prescribe what they
shall see. If we demand the
best and only the best, there
is no question that it will no
be forthcoming.

CARUSO "DOING VERY WELL" AFTER LAST OPERATION

New York, March 2.—Enrica Ca-
ruso world famous tenor, who was
successfully operated on early yes-
terday to relieve him of a pus accu-
mulation in the lower pleural cavity,
was reported last night to be "doing
very well."
Delivery of three tanks of oxygen
to the Caruso apartment yesterday
evening led to rumors that the tenor
had suffered another relapse, but Dr.
Francis J. Murray, one of his at-
tending physicians, declared there
was no need for the oxygen and that
the patient was resting comfortably.
While no explanation was made as
to the delivery of the tanks yester-
day, it is generally believed that
they were for use only in case of an
unlooked for emergency.

IT COST \$10,338,500 TO ELECT NEXT PRESIDENT

Washington, March 2.—Campaign
costs of electing a President of the
United States in 1920 were \$10,338-
500, as estimated by a special Sen-
ate committee created to investigate
them, which yesterday filed its re-
port with Congress. Of this amount,
Republican campaign organizations
spent \$8,100,739, while Democratic
expenditures were \$2,237,770. The
committee compilation also took in
to account the expenditures made by
or in behalf of all candidates for the
Republican and Democratic presi-
dential, nomination and of national
State, congressional and Senatorial
committees of both these parties,
neglecting amounts spent by candi-
dates and organizations of minor po-
litical parties.

CITY NEWS IN BRIEF

The annual membership meeting of the Methodist Protestant Church will be held tonight at 7:45 o'clock.

Master Wallace Harrington who was operated on at the Episcopal Hospital for his tonsils, has returned to his home.

The Rev. C. S. Abbott, of Washington, will preach in Grace Episcopal Church tonight at eight o'clock.

A marriage license was issued in Washington yesterday to William A. Gummer and Stella M. Pett, both of this city.

Mrs. Margaret Scott, of 520 South Lee street, has received a letter from her son, Lieut. John P. Scott, U. S. A., who is stationed at Fort Ringgold, Texas, giving an account of the Washington birthday celebration held at that fort. The feature of the day was a horse show and steeplechase, in which Troop E, 13th Cavalry, of which Lieut. Scott is commander, carried off four blue and one red ribbon. Lieut. Scott was the winner of one first prize. The guest of honor of the fort was Colonel Howard R. Hickok, 4th Cavalry, Brownsville, Texas, who was also the honorary judge at the show.

Montenegrin King
DEAD IN FRANCE

Antibes, France, March 2.—King Nicholas, of Montenegro, died here yesterday.

The Queen of Italy, daughter of Nicholas, has been advised of the death of her father and she and King Victor Emmanuel are expected to come here for the funeral. The date of the funeral, however, has not yet been fixed.

Five Arrested in Barber's
Cut Rate War

Harrisburg, Pa., March 2.—In retaliation for cutting prices of hair cuts and shaves organized barbers of this city have caused the arrest of five journeymen for working on Sunday under the clauses of the old blue laws. A similar case several years ago caused a barber to keep his shop open all day Sunday, instead of part time, and as regularly he had to call at an alderman's office to pay his fine Monday morning.

CRAZED BY GIRL'S DEATH,
TROOPER SHOTS UP DIX

Camp Dix, N. J., March 2.—Crazed, it is believed, by news of the death of his sweetheart in Michigan, Private James J. Harrington, 27 years old, of Detroit, shot up the barracks of L. Company, 28th Infantry, yesterday, wounding two soldiers and committing suicide.

The wounded men, First Sergeant John M. Saunders and Bugler Robert A. Wagner, are in the Post Hospital and will recover. Saunders was shot through the leg while Wagner was hit in the left side.

appeared in the assembly hall of the barracks. Fellow soldiers thought he was shamming until bullets began to fly. The crazed men shouted he would kill the entire company.

Invading the mess kitchen after driving the men from the barracks, Harrington used dishes as targets. With his last bullet he ended his own life.

PARKER-GRAY SCHOOL

Four large, substantial and serviceable reading and phonic charts with heavy metal stands have been placed in four primary grades in the new school.

The portraits of John Freeland Parker and the late Sarah A. Gray are completed. They are 20 by 24 in size and handsomely framed. In the near future, the association will have a public meeting in the school auditorium at which time the pictures will be unveiled and presented to the school. At the same time the roll of honor will be read and placed in position.

INGROWN TOE NAIL
TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

SPRING IS
COMING—
TAKE GUDE'S
PEPTO-MANGAN

Thousands of People Take It Every
Spring to Regain Health and
Fight Illness

MAKES BLOOD RICH AND RED

Helps to Build up the Entire Human
System With Life-Giving
Oxygen

In the Springtime, after a winter sickness or long days pent up indoors the blood becomes clogged with waste matter. The little red corpuscles in your blood become inferior. They do not absorb enough oxygen when they pass through the lungs. The tiny cells, billions of them, miss the nourishing effect of the oxygen, and faces become pale, bodies weak.

If you feel out of sorts, cranky, tired out most of the time, it is probably because your blood is weak. If you have no other disease, pulling you down, you can be pretty sure your blood is weak and you need the help that Gude's Pepto-Mangan, the well known Spring blood tonic, gives.

Gude's Pepto-Mangan makes rich red blood and puts new life into the red corpuscles. If you are anemic (a thin-blooded condition) Gude's Pepto-Mangan will restore the right number of red corpuscles. You will notice a general improvement, better appetite, more restful sleep, better complexion, wide-open clear eyes.

Get Gude's Pepto-Mangan at your druggist's. He has it in liquid and tablet form. It makes no difference which you take, because the tablets and the liquid form both have the same medicinal value. Get the genuine Gude's Pepto-Mangan with the full name, "Gude's Pepto-Mangan," printed on the package.—Adv.

DODSON SOUNDS
CALOMEL' DOOM

The 'Liver Tone' Man Warns
Folks Against the Sickening,
Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

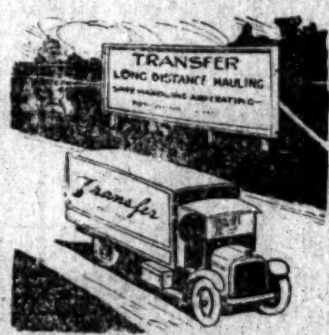

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria, says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I thought I would have to give up. Finally, through the recommendation of a friend, I tried Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel a bit worse for the strain." (Above statement given April 13, 1915).

Lasting Results
On March 14, 1919 Mr. Dawson added: "The cure Doan's Kidney Pills gave me has proven permanent. I can't say too much for Doan's." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

How To Keep
in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE
"I was afflicted with kidney and bladder trouble for nearly 6 years. Had one very bad spell about 4 years ago. Was confined to bed for 4 or 5 days, unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I have since recommended your kidney pills to all who have kidney trouble." John H. Haskin, Madison, California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleaned and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

Look Out for Rheumatism
As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that festers the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface. One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old

blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief. Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. WEEKLY MARKETGRAM

(U. S. Bureau of Markets)

Washington, March 2.—Hay—Wintery weather curtailed shipments of hay during the week but failed to stimulate demand. Bad roads and unsatisfactory prices also important factors in light movement. Buyers interested only in hay for immediate needs. Demand very dull. Quote—No. 1 timothy, New York \$32, Cincinnati \$23, Chicago \$24.50, Kansas City \$20, Memphis \$27, Atlanta \$30, No. 1 alfalfa, Omaha \$18.50, Kansas City \$19.50, Memphis \$23, No. 1 prairie, Minneapolis \$15.50, Omaha \$10, Kansas City \$12.

Feed—Easier tone noticeable in feed market. Jobbers contracted heavily about a week ago for prompt and future shipment. Absence of demand from country buyers causing many to discount western shipment prices to some extent in order to move part of holdings. Transit offerings liberal. Lined meal firm and in fair request. Cracked meal dull and weak. A fall in meal selling slowly; purchases of hominy feed and gluten feed light. Production of feeds in general less than in former years but requirements are unusually small. Favorable weather conditions assisting movement; receipts satisfactory. Stocks remain ample. Quote—Barn \$22, middlings \$22, Minneapolis; lined meal \$42, Buffalo, \$38.50, Minneapolis; 36 per cent cottonseed meal \$26, Memphis, \$23, Chicago; white hominy feed \$23.50, St. Louis, \$24.50, Chicago; gluten feed \$41, northeastern markets; No. 1 alfalfa meal \$18.50, Kansas City, \$21, St. Louis; beet pulp \$33, New York.

Vegetables—Sacked round white potatoes up 10 cents per 100 lbs. at northern shipping stations, reaching \$1 to \$1.05. Chicago carlot market gained an additional 5 to 10c, closing \$1.20 to \$1.25 sacked. Round whites up 5 to 10 cents at western New York stations, closing around \$1 sacked. New York 10 cents higher at \$1.25 bulk.

Yellow onions held around 75 cents per 100 lbs. f. o. b. western New York points, but city wholesale markets were generally slow and weak, closing mostly 80 cents to \$1. Bureau of Crop Estimates reports acreage of Bermuda onions in Texas 10,963 acres compared with 12,402 last season; California

2,000 acres compared with 3,300. Carlot shipments week ended Feb. 26: Potatoes 2,382 cars; boxed apples 559, barreled apples 401; oil cabbages 252, new cabbage 386; old celery 148, new celery 289; lettuce 450; onions 381; spinach 178; sweet potatoes 330; tomatoes 101. Shipments week ended February 19: Potatoes 2,559 cars; boxed apples 519, barreled apples 1,096; old cabbage 256; new cabbage 278; old celery 122, new celery 569; lettuce 547; onions 419; spinach 128; sweet potatoes 377; tomatoes 87.

Live Stock and Meats—Prices all classes live stock at Chicago made material advances the past week. Fat lambs up \$1 to \$1.50; feeding lambs 75c to \$1.00; yearlings \$1.50 to \$2.00; ewes \$1.25 to \$1.75; beef steers 25c to 50c; feeder steers 25c; heifers 75c; cows 65c to \$1.00; veal calves 75c to \$1.25; hogs 65c to 85c. February 23, Chicago prices: hogs, bulk of sales \$9.40-10.35; medium and good beef steers \$8.65 to \$10.25; butcher cows and heifers \$5 to \$10; feeder steers \$7.25 to \$9.00; light and medium weight veal calves \$10 to \$13.25; fat lambs \$9 to \$11.25; feeding lambs \$7.25 to \$8.75; yearlings \$7.25 to \$9.75; fat ewes \$6.50 to \$7.25.

Fresh meats at eastern wholesale markets also advanced materially. Beef, veal, mutton and pork loins, advancing \$1 to \$2; lamb up \$1; yearlings \$2 to \$3. February 23 prices, good grade meats: Beef \$15.50 to \$17.00; veal \$20 to \$23; lamb \$18 to \$22; mutton \$11 to \$16; light pork loins \$23 to \$26; heavy loins \$17 to \$20.

Grain—On the 23rd weakness in stock market and general business and economic situation started a decline in grain prices, but subsequent development better than expected demand brought about some recovery on the 25th and 26th. Market unsettled on the 28th but became oversold and with further green bug reports and removal hedges against 250,000 bushels wheat sold for export prices almost entirely recovered by the close. Visible supply wheat decreased 697,000 bushels during the week; corn 1,843,000 bushels. Argentine government reports exportable surplus wheat 93,000,000 bushels. Corn receipts liberal; demand good; country offerings to arrive, light. In Chicago cash market, No. 3 mixed corn 5 1-2 to 6 cents under Chicago May; No. 3 yellow 5 to 5 1-4 under; Kansas City reports milling de-

mand fair. For the week Chicago May wheat down 5 1-4 cents at \$1.56 5-8; May corn 3 cents at 68 3-4. Minneapolis May wheat down 1-4 cents at \$1.81 3-4; Kansas City May 4 1-4 cents at \$1.82. Winnipeg May 4 1-4 cents at \$1.83.

FOUR OF EIGHT DIE, ONE BY ONE, IN FEUD

New York, March 2.—Seven men stood about the body of Giovanni Loinchino as it lay in his home after he was murdered by an unseen assassin in Elizabeth street the night of December 10 last. They were Salvatore Maro, Angelo Patricola, Angelo Lagaputa, Giuseppe Grantella and three others, all of them keepers of coffee rooms, restaurant or poolrooms in Little Italy. They laid their hands on their murdered friend's body and swore to deal with his enemies as his enemies had dealt with him.

Six men, Patricola, Lagaputa, Grantella and three others, just ten days later stood over the body of Salvatore Maro and swore by the same ritual. He had been shot down in Christie street December 29. Five men, Lagaputa, Grantella and the other three gritted their teeth as they said "for his blood—their blood—we swear before you and by your body Angelo," over the corpse

of Angelo Patricola about a month later. He had been murdered by gun men in Elizabeth street the night of January 23.

Only the unnamed three were at the bier of Grantella yesterday as he lay dead in his home on Christie street. Angelo Lagaputa was shot but not killed in the Bronx two weeks ago and is in a dying condition in Poreham Hospital. An Italian detective disguised as a willing messenger was sent to offer to take word from him to Grantella in the hope of learning the feud secret.

"Tell him," Lagaputa whispered, "that I say only this: You, you are next."

Grantella was going from the pool room to his home five doors away at midnight last night when two charges of buckshot were fired at him from the opening of an alley across the street running into Forsyth street. The first missed. He turned, facing the report, and the second struck him full in the chest, killing him instantly. The police later found a sawed-off shotgun at the entrance of the alley. They could find no one who had seen the mur-

derer running away.

The effort of the police today, so far unavailing, was to learn the identity of the doomed three who grimly cling to the hope of felling part of their augmented oath before their end comes.

TIME FOR HER TO TALK SAYS MRS. CHEWNING

Lynchburg Woman Wants Everyone to Know How Wonderfully Tanlac Restored Her—Gains 20 Pounds.

"I only weighed a hundred and five pounds when I began taking Tanlac, but the medicine has built me up to a hundred and twenty-five pounds, which is more than I ever weighed before in my life, and I just want to tell everybody what a wonderful medicine it really is," said Mrs. E. B. Chewning, of 815 Filmore street, Lynchburg, Va.

"Up to the time I took Tanlac I had never been a really strong woman and I just seemed to feel tired and languid all the time. Then last March I was taken down with influenza and was down for several weeks. It left me in

such an awful condition I had no appetite and I suffered terribly with indigestion. Gas caused me awful pain and almost cut off my breath. "I was so weak I couldn't do my housework and simply felt miserable all the time. I had a swimming in my head, and at one time had such an attack of dizziness I fell out of my chair and had to be put to bed, for several days.

"My daughter got a bottle of Tanlac for me, and the medicine has made me a new woman of me. I have a wonderful appetite now, all my troubles have gone away and I have gained twenty pounds in weight besides. I'm just enjoying splendid health, feel fine all the time and believe I would be able to do my duty if I didn't let others know about Tanlac."

Tanlac is sold in Alexandria by E. W. Warfield, Jr., and good druggists.

Ford

THE UNIVERSAL CAR ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of idleness.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases.

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

LOYD GEORGE BLUNTLY REJECTS BERLIN'S TERMS

London, March 2.—The Germans laid before the Allied Premiers at the opening of their conference here yesterday morning an offer to pay 30,000,000,000 gold marks (\$7,500,000,000) in reparation for war damages. The Entente powers had demanded 225,000,000,000 marks.

Premier Lloyd George, speaking for the Allies, flatly rejected the German offer. He spurned the proposal as wholly unsatisfactory and incommensurate to the damage done and told the Berlin delegates that if they had nothing more to offer they better had stayed at home.

Last night the situation was grave. With Allied soldiers mobilized along the Rhine ready to invade deeper in to Germany at the first word from London, the conference with the Berlin plenipotentiaries here seems on the verge of disruption. Lloyd George intimated to Premier Briand, of France, in private conversations, that he wouldn't listen to further German proposals. Yesterday's refusal to meet the Allied terms as drawn up at Paris, the British Premier held, was final and took the situation out of the hands of negotiations.

RICHMOND THEATRE

"A Thousand and One," the Hobart Bosworth special, which opens at the Richmond Theatre for two days beginning today, was adapted by J. Parker Brad, Jr., from the popular Max Brand novel, "Fate's Honey-moon."

"A Thousand and One" introduces Hobart Bosworth as an Associated Producers star, though this Star's screen career is both long and brilliant.

Into "A Thousand and One" Max Brand has woven a heart human story of the love of man and woman and the regeneration of the man to make himself worthy. It is said that this picture provides Hobart Bosworth with the most lovable characterization of his career.

INGOMAR THEATRE

Spectacular scenes taken during the "Frontier Days" celebration recently held at Prescott, Ariz., are among the many thrilling features of "The Texan," the Tom Mix Western photodrama produced by William Fox which is being shown today at the Ingomar Theatre. Mix's cowboy cavalcade attended the rodeo in a body and took several first prizes. Mix himself served as a judge of events. Lynn F. Reynolds, who directed the picture, has done an excellent piece of work.

SEEKS SEPARATION; WOMAN KILLS HIM

Chicago, March 2.—Herbert P. Ziegler, married, district manager of the Goodyear Tire and Rubber Company, paid the wages of sin early yesterday morning when Mrs. Isabelle Cora Orthwein, former St. Louis society woman, shot him to death in her luxurious apartment in Surf street. When the police broke into the apartments, they found Mrs. Orthwein sobbing over the body of the man. A revolver with two cartridges discharged lay near the body. There were three half empty bottles and blood stained rug, and, lying on the table, with one line heavily underlined, was a book of poems open at this sentence:

Remschel Family Reunion Marks Return of Members of Prominent Old Family to Childhood

Mr. and Mrs. A. M. Remschel, of this city, who are visiting with relatives and friends are enjoying themselves to the fullest extent according to a letter received in this city and they confidently expect to see and talk with all their old friends before returning to this city.

The Gonzales Daily Inquirer, published at Mr. Remschel's home city has the following to say concerning the reunion of the Remschel family held there a short time ago:

Saturday and Sunday, February 19 and 20, 1921, has been recorded on the pages of the family history of the Remschel family, one of the oldest and most prominent families in Gonzales, as one of the happiest seasons in the annals of the present generation; all the sons and daughters gathered here in the old home town for the first family reunion in twenty-five years.

For several days they had been gathering here, the last ones to arrive coming in Saturday to spend the week end; when every son and daughter and a number of their children were assembled here, the guests of Gonzales members of the family, J. P. Remschel, R. A. Remschel and Mrs. W. M. Cole and families, the day proving a happy one as members of the family who had not met in years gathered in happy interchange of events connected with the past.

Sunday, the happiest day of the reunion, the clan gathered at the hospitable home of Mr. and Mrs. R. A. Remschel, who entertained with a sumptuous dinner at 1 p. m. The long table, holding covers for 24 was set out in the attractive sun parlor, into which the conservatory with its wealth of plants and blossoms open, the whole forming an ideal background.

Forming the beautiful centerpiece was a huge bouquet of pink roses, the kind that Gonzales can grow. In February, lending an exquisite touch to the dainty appointments of sparkling cut glass, silver and snow nappery. It was one of those old-fashioned family dinners with roast turkey as the piece de resistance of the feast, with all its accompaniment and a menu of all manner of delicious viands to supplement it, an epicurean triumph, its enjoyment being heightened by the merry conversation, the delightful interchange of experiences encountered since the brothers and sisters had been gathered about the same board so many years ago, not to speak of the discussions of the days of "Auld Lang Syne" when they were happy children here.

In the afternoon the entire party repaired to the residence of Mr. and Mrs. J. P. Remschel, where they passed a very happy afternoon.

Adding to the pleasure of the afternoon were the visits of numerous old friends, who dropped in to greet them and tender their felicitations upon the joyous occasion.

For the evening meal the party again gathered at the R. A. Remschel residence, breaking bread together for another happy hour and spending the evening about the bright fireside.

On Monday the reunion came to an end, several of the out of town members of the family departing for their homes.

The personnel of the party included Mr. and Mrs. Henry Remschel of Kerrville, Mrs. Henry Kane, of San Antonio, formerly Miss Emma Remschel, and daughter, Kathleen, Mr. and Mrs. W. M. Cole, of this city, Mrs. Cole before her marriage having been Miss Lou Remschel, Mr. and Mrs. J. P. Remschel and daughter of this city, Mr. and Mrs. R. A. Remschel and children of this city, Mr. and Mrs. Al Remschel, of Alexandria, Va., Mr. and Mrs. W. G. Carpenter, of Kerrville, Mrs. Carpenter having been Miss Clementine Remschel, Mr. and Mrs. Walter F. Remschel and daughter, of Texas City, and Mr. and Mrs. A. Coutret, of Charco. Mr. Coutret being an adopted brother.

All are the sons and daughters of a highly esteemed old Gonzales family, the name of Remschel having been prominently identified with the civic, business and social life of Gonzales for about forty years, since 1882, when their father, the late J. H. Remschel, pioneer lumber dealer of Gonzales and civil war veteran, settled here with his family, founding the Remschel Lumber Yard, which is among the six oldest business concerns of the city, the eldest son, Henry Remschel being associated with him under the firm name of J. H. Remschel & Son, a firm noted for its integrity, sterling business principles, enjoying an enviable reputation built up by its founder and upheld through the years to the present day under the firm name

of Remschel Bros., composed of J. F. and R. A. Remschel.

Mr. Remschel, after returning from the war between the States, opened a lumber business at the old town of Indianola, which he later went away in a great storm, moving later to Victoria and then to Cuero.

After spending in ranching for several years at Charco, he moved to Gonzales, the family growing up here, its members loved and honored by all who know them.

The eldest son, Henry Remschel, who was associated in business with his father, moved to Kerrville about 33 years ago, engaging in the lumber business there, which he still continues.

Following the calling of his father, still another son engaged in the lumber business, Walter F. Remschel, who is manager of the South Texas Lumber Company, at Texas City, four sons continuing in the lumber business.

Another son, Al Remschel, who left here about 25 years ago to seek his fortune in other fields, is now a prominent business man of Alexan-

dria, Va., where he is engaged in the automobile business, being at the head of a well established concern.

Thus in gathering, the members of the family, aside from the joys that it brought each one, brings to the minds of their hosts of old friends here, old time playmates and school associates, that it was also an ingathering of old Gonzales boys and girls, each and every one of whom has made an honorable record, each and every one of whom is a worthy and highly esteemed citizen in his own home, a worthy example of the highest type of sons and daughters that old Gonzales sends out into the world.

As they scatter to their homes, the inquirer unites with their authors old friends in wishing that where over the Remschels may be the air of happiness and prosperity may shine upon them, bringing them together again for another such happy reunion long before another quarter century rolls around.

During the 25 years since the last reunion of the family there have been no dearth in the immediate cir-

cle, not even among the children of the brothers and sisters.

The story of a strong man's fight for love.

An Associated Producers Production

Out of the wreck emerged a love greater than self—big enough to conquer fate and man for the respect of the one woman.

An evil man and a good woman battled for the soul of a man in doubt. Who won?

He tried to fool her once—and succeeded. The second time he fooled only himself, for the woman saw beneath his mask.

Billy Newlands was a gambler; he took "a thousand to one" chance—would you?

They were playing for high stakes—when the police crashed through. But "Square Billy" Newlands fought their way to safety for them even as he himself battled to the safety of self-respect and love.
